BENDI CLIP-FIT SYSTEM

Curvable profiles for multi-shaped flooring

The Bendi profiles are PVC covers that are unique in that when they are heated using hot water or a heat gun are able to form into curves of a minimum radius of between 40cm to 80cm dependant on the profile. The Bendi profiles are made up of two parts the rigid PVC base that is formed by bending the teeth cuts and nailing the base into position. The top which fits into the base is formed by applying heat to the profile, which in turn is shaped into the shape required. Once the top bendi cover cools down it will keep the shape it has been bent into. The cover can be reused and reshaped into a different shape if required. If the covers are correctly fitted they can be used as a retrofit without the base, however we do not advise this method, we always suggest you use the base in conjunction with the cover. The Bendi profile covers have 5 plain colours and 5 foiled colours.

BENDI COVER CLIP

CODE	SIZE (Width x Depth)	DESCRIPTION
BCC8	40mm x (8 - 12mm)	8 - 12mm Bendi Expansion Cover Clip for Laminate floors
BCC14	40mm x (14 - 19mm)	14 - 19mm Bendi Expansion Cover clip for Wood floors

The Bendi Cover clip is a curvable profile used as an expansion cover for multi-shaped floor for same level floors such as laminate to laminate or wood to wood floors. The Bendi Cover can form to a minimum radius of 40cm and is available in 5 plain colours as well as 5 foiled colours. The Bendi Cover clip is fitted in conjunction with its different height PVC bases, 8mm and 14mm.

BENDI TRANSITION CLIP

CODE	SIZE (Width x Depth)	DESCRIPTION
BTC8	40mm x (8 - 12mm)	8 - 12mm Bendi Transition Cover Clip for Laminate floors
BTC14	40mm x (14 - 19mm)	14 - 19mm Bendi Transition Cover Clip for Wood floors

The Bendi Transition clip is a curvable profile used as a transition cover for multi-shaped floor for different level floors such as laminate to carpet, wood to laminate, wood to tile, etc. The Bendi Transition can form to a minimum radius of 40cm and is available in 5 plain colours as well as 5 foiled colours. The Bendi Transition clip is fitted in conjunction with its different height PVC bases, 8mm and 14mm.

BENDI RAMP CLIP

CODE	SIZE (Width x Depth)	DESCRIPTION
BRC8	47mm x (8 - 12mm)	8 - 12mm Bendi Ramp Cover Clip for Laminate floors
